SUBJECT INDEX

A

Absenteeism: *see also* Sick leave
  influenza immunization, workplace, 311
Abstracts, ACOEM State-of-the-Art Conference, 1022
Abuse, substance, construction workers, job-related injury among, 573
Acetate, 2-alkoxyalcohol, renal effects of, 595
N-Acetylglycosaminidase activity, urinary, 2-alkoxyalcohol exposure biomarker, 595
N-Acetyltransferase allele, hydrazine metabolism associated with, Japanese workers, 217
Adaptation, night work, oil platform workers, 601
Air showers, cadmium and, 1037
Aircraft manufacturing, cumulative trauma disorders, upper extremity (letters), 12
Airway, responsiveness of, laboratory animal workers, 118
Alkoxyalcohols, exposure to, renal effects of, 595
Allergy, laboratory animal, prevention of, 609
Alternative comparison population, mortality risk assessed by, occupation-related, 907
American College of Occupational and Environmental Medicine (ACOEM)
  annual meeting, advance program for physicians, 180
  committee report, occupational and environmental medicine competencies, 427
  new members, 79, 175, 279, 376, 506, 581, 657, 727, 836, 934, 1141
  State-of-the-Art Conference, 731
    abstracts, 1022
American Occupational Health Conference (AOHC)
  abstracts of scientific sessions, 381
  exhibitors, 393
5-Aminolevulinic acid, urinary, creatinine adjusting, 901
Aminotransferase, hepatic, coking workers (letter), 303
Ammonium perchlorate, airborne, thyroid function affected by, 1072
Angioma, eruptive cherry, glycol ether solvent exposure, 1059
Animal, laboratory, allergy to, 609
Arm
  cumulative trauma disorders, aircraft manufacturing (letters), 12
  disorders of, federal workforce, 546
  musculoskeletal disorders, length of disability and cost, 261
Asbestos
  in vitro toxicity of, 29
  lung cancer risk related to, mining areas, Quebec, 821
Asp13-Ki-*ras* oncoprotein, plasma expression, vinyl chloride monomer workers, 1053
Aspergillus versicolor, pulmonary disease due to, building-associated, 241
Assault: *see also* Violence
  non-fatal workplace, surveillance with police and employers' reports, 707
  physical, work-related, 317
Asthma
  long-term health and employment outcomes, 481
  metal working fluid exposure, 640

B

Back belts, epidemiologic studies of, analyses of (letter), 101
Back pain: *see* Pain
Beck Depression Inventory, depression severity estimates, multiple chemical sensitivity affecting, 862
Benefits, workers' compensation, work-related illness, 325
Biomarkers
  2-alkoxyalcohol exposure, NAG and GAG as, 595
  carcinogen, in vitro identification of, 125
Blood, lead concentration in, workers exposed to very low lead levels, 886
Blue-collar workers
  personalized health profile for, effectiveness of, 69
  short-term, mortality among, 1120
Body mass index, workplace cost, 786
Book reviews, 81, 173, 281, 379, 509, 583, 659, 728, 1145
Brain tumor
  childhood, parental occupation related to, 332
  lead exposure related to, 937
Brick workers, respiratory findings in, 814
Bronchitis, metal working fluid exposure, 640
Building-related illness
  cluster analysis, 165
  mycotoxins and (letters), 761
  pulmonary disease as, 241
Burns, Washington State, 1083
2-Butoxyethanol, acute exposure to, eruptive cherry angioma and irritant symptoms after, 1059

C

Cadmium, air showers and, 1037
Canada, electricians in, lung health of, 1007
Cancer
  brain, lead exposure related to, 937
  gastric cardia, occupational risk factors for, U.S., 855
  incidence of, oil refinery workers, Finland, 675
  mortality of, race-specific, firefighters, United States, 1134
  pharyngeal, paper mill workers, Denmark, 55
  reproductive, female, death certificate study, 632
  research in, human model, occupational applications of, 125

Carbon monoxide, poisoning with, indoor use of gas-powered equipment, 49
Carcinogen, biomarkers of, in vitro identification of, 125
Cardia, gastric, cancer of, occupational risk factors for, 855
Cardiovascular disease, morbidity, law enforcement cohort, Iowa, 441
Carpal tunnel syndrome
  cost, federal workforce, 546
  screening (letters), 421
  vitamins related to (letters), 305
Case-control study, idiopathic pulmonary fibrosis, environmental exposures, 363
Casino employees, environmental tobacco smoke exposure, 270
Cause of death, underlying codes for, National Death Index to obtain, 808
Central nervous system, styrene toxicity to, modeling of, 230
Chain saw, lumberjacks using, vibration white finger in (editorial), 772
Cherry angioma, eruptive, glycol ether solvent exposure, 1059
Chevron Corporation, Health Quest Program, medical expenditure estimates, 538
Childhood
  brain tumors in, parental occupation related to, 332
  leukemia risk in, high-voltage transmission lines related to, 144
  paternal work in power industry, effects at delivery, 111
Clerkship, internal medicine and surgery inpatient, occupational history collection during, 680
Cluster analysis, building-related illness, 165
Coal workers, pneumoconiosis prevalence, temporal trends in, 1065
Codes
  cause of death, National Death Index to obtain, 808
  professional, ethical conduct (editorial), 840
Cohort studies
  comprehensive, OCMAP-PLUS, 351
  healthy worker effect in, gender related to, 368
Coking workers
  elevated serum hepatic aminotransferase in (letter), 303
  highly polluted environment, white blood cell DNA adducts affected by, 529
Colorado, carbon monoxide poisoning cases in, indoor use of gas-powered equipment, 49
Commentary, EPA ruling on environmental particulates and the occupational physician, 768
Committee report
  ACOEM guidelines for protecting health care workers against tuberculosis, 765
  ACOEM's best ideas for workers' compensation reform, 207
  occupational and environmental medicine competencies-v1.0, 427
Competencies, occupational and environmental medicine, committee report, 427
Comprehensive Clinical Evaluation Program, Department of Defense, Persian Gulf war veterans, 520
Computing, occupational cohort data analysis program, OCMAP-PLUS, 351
Concrete saw, indoor use of, carbon monoxide poisoning cases in Colorado, 49
Construction workers
  impact-related head injury, fatal, 347
  smoking in, permanent disability related to, 63
  substance abusing, job-related injury among, 573
Contact lenses, discrimination against wearers of, 876
Coping style, solvent-induced chronic toxic encephalopathy related to, long-term follow-up, 801
Corporate policies, contact lenses, 876
Cost
  carpal tunnel syndrome, federal workforce, 546
  health care, worksite health promotion, 341
  low back pain, workers' compensation disability claims, 1110
  migraine, employee health unit's role, 943
  musculoskeletal disorders, upper extremity, 261
  workers' compensation, managed care influencing, 568
  workplace, body mass index, 786
Cotinine, environmental exposure, casino workers, 270
Coxiella burnetii infection, sheep producers, North Dakota, 999
Creatinine
  diurnal variation, very low mercury exposure, 1090
  urinary 5-aminolevulinic acid adjusted by, plasma ALA surrogate?, 901
Cumulative trauma disorders, upper extremity, aircraft manufacturing (letters), 12
Curriculum, family medicine, occupational and environmental medicine in (letter), 515

D

Database, occupational medical, health surveillance using, 685
Death certificates
  gastric cardia cancer, occupational risk factors for, 855
  occupation and mortality data, reproductive cancers in women, 632
Delivery
  neonatal, paternal work in power industry affecting, 111
  preterm, maternal workload related to, 1013
Denmark
  paper mill workers in, Hodgkin's disease, pharyngeal cancer, and soft tissue sarcomas in, 55
  reproductive health, work affecting, 964
Department of Energy, female employees, illness and injury among, 994
Depression
  global health and, occupational differences in, U.S. national sample, 153
  occupational differences in, neurobiology of (letter), 839
  severity estimates, multiple chemical sensitivity affecting, 862
  stigmatization of, workplace effects of, 793
Dermatitis, hand, intensive care unit workers, 881
Descriptive estimate, medical expenditure, Chevron Corporation's Health Quest Program, 538
Diabetes mellitus, patient education intervention, worksite-based, 702
Diatomaceous earth
  respirable-size particles, in vitro toxicity of, 29
  workers with, radiographic and spirometric findings, 22
Disability
  length of, musculoskeletal disorders of the upper extremity, 261
  low back pain
    duration and cost trends, 1110
    new-onset uncomplicated, 958
  permanent, early retirement due to, smoking in the construction industry, 63
Discrimination, contact lens wearers, 876
DNA adducts, white blood cell, low response in, cokery, 529
Dysfunction, vocal cord, irritant-associated, 136

E

Editorials
  choosing a professional code for ethical conduct in occupational and environmental medicine, 840
  vibration white finger revisited, 772
Editorial response, NIOSH review of hand-arm vibration syndrome, 780
Edmonton, Alberta, Canada, electricians in, lung health of, 1007
Education, patient, worksite-based, diabetes mellitus, 702
Elbow, enthesopathy of, cost in federal workforce, 546
Electricians, lung health of, Canada, 1007
Embalmers, tuberculosis risk in, 497
Emergency department, work-related injury visits to, United States, 870
Emperor's new clothes, occupational medicine style (letter), 11
Employee health unit, role of, costs of migraine affected by, 943

Employers' report, non-fatal workplace assault injuries, surveillance with, 707
Encephalopathy, solvent-induced chronic toxic, long-term follow-up, 801
Engineering standards, vibration white finger diminishment by (editorial), 772
Enthesopathy, elbow, cost of, federal workforce, 546
Environmental exposures, idiopathic pulmonary fibrosis and, case-control study, 363
Environmental Protection Agency (EPA), environmental particulates and the occupational physician (commentary), 768
Epidemiology
  back belts, analyses of (letter), 101
  reproductive hormones in men, perfluorooctanoic acid exposure, 614
Ethics, professional code of, occupational and environmental medicine (editorial), 840
Ethnicity, noise-induced hearing loss prevalence related to, metal fabricating workers, 661
Excretion, 24-hour porphyrin, spot urine samples for, 1090
Expenditure: *see also* Cost
  health care, modifiable health risks related to, 843
  medical, Health Quest Program affecting, 538
Expert judgment, peak flow graphs, 969
Exposure
  2-alkoxyalcohol, renal effects of, 595
  ammonium perchlorate, thyroid function affected by, 1072
  asbestos, lung cancer risk, mining areas, 821
  glycol ether solvent 2-butoxyethanol, eruptive cherry angioma and irritant symptoms after, 1059
  human immunodeficiency virus, tertiary care center workers, 1102
  lead, state registry of, 1127
  metal working fluid, respiratory disease, 640
  methyl isocyanate (letters), 11
  perfluorooctanoic acid, reproductive hormones in men affected by, 614
  pesticide, farmers, 697
  sheep, *Coxiella burnetii* infection, North Dakota, 999
  swine confinement, lung function affected by, 1048

F

Family medicine, curriculum for, occupational and environmental medicine in (letter), 515
Farmers
  pesticide exposure, sources and frequency of, 697
  reported health status among, rural districts, 917
  swine-confinement, lung function affected by, 1048
Fatality, impact-related head injury, construction industry, 347
Federal workforce, upper extremity disorders in, occupational, 546
Fetus, growth retardation of, maternal workload related to, Thailand, 1013
Fibrosis, interstitial, chronic diffuse, uranium miners, 460
Finland
  oil refinery workers, cancer incidence among, 675
  reproductive health, work affecting, 964
Firefighters
  cancer mortality in, race-specific, 1134
  hazardous materials, fitness for duty evaluations in, 925
Flight attendants, female, reproductive health outcomes among, 210
Food processors, sickness absence among, gender related to, 250
Frequency analysis, postural sway, sarin poisoning delayed vestibulocerebellar effects, 17
Funeral home employees, tuberculosis risk in, 497

G

Gas-powered equipment, indoor use of, carbon monoxide poisoning cases in Colorado, 49
Gender
  delayed vestibulocerebellar effects related to, sarin poisoning, 17
  healthy worker effect related to, 368
  sickness absence related to, food processors, 250
Genotoxicity, organophosphate pesticides, domestic use of, 954
Global health: *see* Well-being
Glycol ether solvent, 2-butoxyethanol, eruptive cherry angioma and irritant symptoms after, 1059
Glycosaminoglycans, urinary, 2-alkoxyalcohol exposure biomarker, 595
Graph, peak flow, expert judgment, 969
Growth, fetal, maternal workload related to, 1013
Guidelines, ACOEM, protecting health care workers against tuberculosis, 765
Gulf war, Persian, veterans of, symptoms in, 520

H

Hand, dermatitis of, intensive care unit workers, 881
Hand-arm vibration syndrome, NIOSH review of (editorial response), 780
Hazardous materials firefighters, fitness for duty evaluations in, 925
Head injury, impact-related, construction industry, 347
Health care cost, worksite health promotion, 341
Health care workers
  HIV prophylaxis for (letter), 585
  tuberculosis in, ACOEM guidelines for protection against, 765
Health Enhancement Research Organization (HERO) database, health risk and cost, multi-employer, 843
Health profile, personalized, blue-collar workers, 69
Health promotion program, worksite, job satisfaction affected by, 973
Health Quest Program, Chevron Corporation, medical expenditure estimates, 538
Healthy worker effect, characteristics of, gender related to, 368
Hearing loss
  noise-induced
    metal fabricating workers, 661
    surveillance of, Michigan, 667
  older workers, injury related to, 720
Helicobacter pylori, infection with, prevalence and clinical relevance, 586
Hematological disorders, oil refinery workers, medical surveillance, 475
Hemoglobin, blood concentration of, workers exposed to very low lead levels, 886
Hemoglobinopathy, zinc protoporphyrin levels influenced by, lead workers, 492
Hepatitis A, waste water treatment plant workers, vaccination necessity (letter), 515
History collection, occupational, third-year medical students, 680
Hodgkin's disease, paper mill workers, Denmark, 55
Hormones, reproductive
  perfluorooctanoic acid exposure affecting, 614
  pesticide factory workers, 1038
Human immunodeficiency virus
  exposure to, tertiary care center workers, 1102
  prophylaxis against, health care workers (letter), 585
Human model, cancer research, occupational applications of, 125
Hydrazine, *N*-acetyltransferase allele-associated metabolism, Japanese workers, 217

I

Immunization
  hepatitis A, waste water treatment plant workers (letter), 515
  influenza, workplace program, absenteeism related to, 311
Immunological status, respiratory function and, paper-recycling workers, 986
In memoriam, Richard Selwyn Francis Schilling, 99
Incidence
  cancer, oil refinery workers, Finland, 675
  stenosing flexor tenosynovitis, meatpacking plant, 556
Infants, malformations of, maternal work activity during pregnancy related to, 829

Infection
Coxiella burnetii, sheep producers, North Dakota, 999
Helicobacter pylori, prevalence and clinical relevance, 586
Influenza, workplace immunization program, absenteeism related to, 311
Injury
older workers, visual and auditory impairments related to, 720
work-related, emergency department visits due to, 870
Intensive care unit workers, hand dermatitis in, 881
Interleukin-8 release, tumor necrosis factor-alpha and, U937 human mononuclear cells exposed to zinc oxide, 454
Iowa, law enforcement cohort, cardiovascular disease morbidity, 441
Irritant, vocal cord dysfunction associated with, 136

J

Japan
hydrazine metabolism in workers, *N*-acetyltransferase allele-associated, 217
subway sarin poisoning, delayed vestibulocerebellar effects, gender difference, 17
Job satisfaction, worksite health promotion program affecting, 973

K

Kidney, 2-alkoxyalcohol exposure, biomarkers of, 595

L

Laboratory animals
allergy to, prevention of, 609
workers handling, lung function and methacholine responsiveness in, 118
Law enforcement, cardiovascular disease morbidity, Iowa, 441
Lead exposure
brain cancer related to, 937
iron-sufficient microcytosis in, zinc protoporphyrin levels in, 492
state registry of, evolution, 1127
very low lead levels, blood concentrations in, 886
Lenses, corrective, color vision deficiency (OM forum), 518
Leukemia, risk, children living near high-voltage transmission lines, 144
Lifting injury, pelvic joint dysfunctions and testicular pain (letter), 419
Liver
elevated serum aminotransferase, coking workers (letter), 303
function of, health surveillance by, 685
Low back pain, new-onset uncomplicated, workers' compensation disability claims, 958
Lumberjacks, chain saw use among, vibration white finger in (editorial), 772
Lung: *see also* Pulmonary disease
cancer risk in, asbestos exposure related to, 821
chronic diffuse interstitial fibrosis of, uranium miners, 460
diatomaceous earth effects, radiographic and spirometric findings, 22
health of, electricians, Canada, 1007
interstitial disease, case-control study, 363
Lung function
general illness symptoms with, semiconductor manufacturing facility, 895
methacholine responsiveness and, workers handling laboratory animals, seven-year follow-up study, 118
stainless steel welders, 223
swine-confinement exposure affecting, 1048

M

Malformations, infant, maternal work activity during pregnancy related to, 829
Managed care, surgical rates affected by, workers' compensation filers, 623
Maternal work activity, infant malformation related to, 829
Meat-packing plant, stenosing flexor tenosynovitis in, prevalence and incidence, 556
Medical surveillance, hematological disorders, oil refinery workers, 475
Mercury exposure, very low, 24-hour porphyrin excretion estimation, 1090
Metabolism, hydrazine, *N*-acetyltransferase allele-associated, Japanese workers, 217
Metal fabricating workers, noise-induced hearing loss in, race/ethnicity related to, 661
Metal working fluid, exposure to, respiratory disease, 640
Methacholine, responsiveness to, workers handling laboratory animals, seven-year follow-up study, 118
Methyl isocyanate, exposure to (letters), 11
Michigan, noise-induced hearing loss surveillance, 667
Microcytosis, iron-sufficient, lead workers with, 492
Migraine, cost, employee health unit's role, 943
Miners
asbestos exposure, lung cancer risk, 821
uranium, chronic diffuse interstitial fibrosis in, 460
Minnesota, work-related physical assaults in, 317
Modeling, styrene neurotoxicity, acute, 230
Moisture
interstitial lung disease related to, case-control study, 363
lung disease associated with, 241
Mononuclear cell, U937 human, tumor necrosis factor-alpha and interleukin-8 release from, zinc oxide exposure, 454
Morbidity
cardiovascular disease, law enforcement cohort, Iowa, 441
Department of Energy female employees, 994
Mortality
cancer, race-specific, firefighters, United States, 1134
commercial pilots and navigators, United States, 980
reproductive cancers in women, death certificate study, 632
risk of, alternative comparison populations to assess, 907
short-term workers, international cohorts, 1120
uranium miners, 460
Multiple chemical sensitivity, depression severity estimates in, 862
Multivariate estimate, medical expenditure, Chevron Corporation's Health Quest Program, 538
Musculoskeletal disorders, upper extremity, length of disability and cost, 261
Musculoskeletal pain, prediction of, psychological factors, 445
Mycotoxins, building-related illness and (letters), 761

N

National Coal Study, pneumoconiosis prevalence, temporal trends in, 1065
National Death Index, underlying cause of death codes obtained with, 808
National Health Interview Survey, injury in older workers, visual and auditory impairments related to, 720
Navigator, airline, mortality among, 980
Neural tube defects, maternal work activity during pregnancy related to, 829
Neurobiology, depression and global health, occupational differences in (letter), 839
Neurotoxicity, styrene, acute, modeling of, 230
New Jersey, lead exposure in, state registry of, 1127
Nickel alloys workers, mortality risk in, alternative comparison populations to assess, 907
Nicotine, environmental exposure, casino workers, 270
Night work, adaptation to, oil platform workers, 601
Noise, hearing loss related to
metal fabricating workers, 661
surveillance of, Michigan, 667
North Dakota, sheep producers in, *Coxiella burnetii* infection among, 999
North Sea, oil platform workers, night work adaptation, 601

O

Obesity, workplace cost, 786
Occupational diseases, surveillance, U.S., 714
Occupational medicine, style of (letter), 11
OCMAP-PLUS, occupational cohort data analysis program, 351
Oil platform workers, night work, adaptation to, 601
Oil refinery workers
  cancer incidence among, Finland, 675
  hematological disorders in, medical surveillance, 475
Older workers, injuries among, visual and auditory impairments related to, 720
Oncoprotein, Asp13-Ki-*ras*, plasma expression, vinyl chloride monomer workers, 1053
Oral cleft defects, maternal work activity during pregnancy related to, 829
Organophosphate pesticides, domestic use of, genotoxicity of, 954
Outcome
  long-term health and employment, occupational asthma, 481
  reproductive health, female flight attendants, 210
Outdoor workers, solar protection behaviors among, 43
